

# CHEERS

## Younger- First Cheer

    One time from right to left

We are the wave-makers

 And we're rolling through

 Tuck jump

To shine our beautiful light

punch left arm out, then right arm, then both

For you & you & you

We are mighty We are strong

We are stronger than steel

 Tuck jump

And hotter than the sun

Walk to Clump

We won't stop

Til we get the job done

1 stunt and the rest  
shaking poms

First lines rolls and moves to back  
Second line rolls and walks forward
